# Woodward reaches agreement for Laurelton Center

**WOODWARD** – Woodward Camp has reached an agreement with the state for the former Laurelton Center in Union County.

Woodward Camp is the third potential buyer for the former mental retardation center. One idea to turn the site into an assisted care facility for seniors fell through and Mifflinburg-based Hickernell Springs planned to turn the site into a golf course and conference center.

The most recent deal must be approved by state Attorney General Mike Fisher and the governor's office.
